Continents

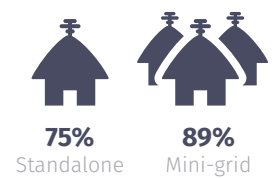

ARE Members' Regional Focus

Technologies

Systems

Member Benefits

Visibility

ARE promotes its Members' products, services and expertise across ARE communication channels.

Intelligence

ARE shares the latest news, business & tender opportunities, publications and sector jobs every week.

Influence

ARE influences policies and regulations to create the right market conditions for energy access.

Business Contacts

ARE helps its Members with B2B, B2Finance and B2Government matchmaking and networking.

Access to Markets & Finance

ARE strives to scale up access to markets and finance off-grid renewables.

Discounts

ARE works with industry event organisers to offer discounts, exhibition and speaking opportunities.

ARE Partners

Market Intelligence & Business Services

Policy & Advocacy

Cooperating with Partners to Deliver on SDG7

Policy Recommendations

ARE develops policy recommendations for decision-makers to create a conducive market environment for energy access and favour clean renewable off-grid electrification.

Joint Programme Development

ARE co-develops projects with funders and partners to achieve mutual objectives and deliver on clean energy access.

Your Gateway to the Private Sector

ARE provides support for business development across the energy access chain including start-ups, SMEs, multinational companies, financiers and more. To bridge the gap between developers, financiers and government ARE organises B2B, B2Finance and B2Government events.

We are very pleased with our Membership in ARE. Between finding new investment leads and attending high-level delegations, ARE has provided us with the right access and knowledge to grow our business and meet like-minded companies.

Brian Kelly
Founder & CEO
Virunga Power (Kenya)

To increase our rural electrification footprint, ARE helped us to improve our company's image thereby helping us attract more business and investment partners.

Prosper Magali
Director of Projects
& Business Development
Ensol Limited (Tanzania)
