## Solar, Wind & Energy Storage Feb 27<sup>th</sup>-28<sup>th</sup>, Astana, Kazakhstan

### Welcome

Dear Colleagues,

*It is my pleasure, on behalf of the organizing committee, to welcome you to attend the Central Asia Renewable Energy Summit 2019 which will be held in Astana, Kazakhstan. The main motivation behind this summit is to provide a vital platform for all renewable energy players to know about the prospects of the regional market and learn from each other to joint-develop the Central Asia Renewable Energy Industry.*

*Central Asia possess large renewable energy potential, which remains largely untapped. This vast resource potential provides opportunities for increasing renewable energy uptake in the countries, and now Central Asian countries are seriously considering adopting renewable energy. In 2018, Kazakhstan has been holding international renewable and alternative energy auctions for 1 GW of capacity, divided by the following types of RE power plants:*

- Solar Power Plants - 290 MW
- Wind power plants - 620 MW
- Hydroelectric Power Plants - 75 MW
- Bio Power Plants - 15 MW

*Therefore, the Summit in Central Asia will offer you a comprehensive coverage of the renewable energy market with fresh project updates and various case studies. Meanwhile, for those who are keen to find new investment opportunities or strengthen their presence in this market, this 2 days summit will provide plenty of opportunities to meet your future partners.*

*I am looking forward to seeing you in Astana!*

Best regards,  
Organizing Committee of Central Asia Renewable Energy Summit 2019

### Latest Auction Results in 2018

	Winner	Capacity	Price
Wind Power	Zhel electric LLP	50MW	17.49 KZT/kWh
	Shokpar wind power plant LLP	50 MW	19.98 KZT/kWh
	Investo LLP	50 MW	20.5 KZT/kWh
	Korinskaia GES-2 LLP	26 MW	15.48 KZT/kWh
	ZHEL ELEKTRIK LLP	50 MW	20.9 KZT/kWh
	Shokpar wind power plant LLP	100 MW	22.58 KZT/kWh
	ZHEL ELEKTRIK LLP	100 MW	17.39 KZT/kWh
	Energo Trust LLP	50 MW	19.5 KZT/kWh
