

Réseau d'Afrique Centrale pour les énergies renouvelables

Central Africa Network for renewable energies

RACEN WORKING GROUPS (TASKS TEAM) - RENTECH (RENEWABLES ENERGIES & CLIMATE TECHNOLOGIES)

N°	Working Group	Members	Countries	Contacts details
1	Energy, Habitat and basic needs (ENEHAB) ¹			
2	Energy, Business, Entreprise & Industry (EBEI) ²			
3	Energy & households modern needs ³ (ENEBEM)			
4	Energy & Health (ENESA) ⁴			
5	Energy & Education (ENED) ⁵			
6	Energie & Agri Food (ENAGRIF) ⁶			
7	Energy & Mobility (ENEMO) ⁷			

2. **CROSS CUTTING ISSUES** : decentralized rural electrification, funding, technology, national policies climate change, energy efficiency, legislation on renewables energies ...

3. **PROPOSED ACTIVITIES** : education, information, campaigns, training, research, participatory studies, documentation and publication.

4. **OPERATIONAL STRUCTURE** : Each working group will be leading by a « **Team Leader** »

¹ Light, cooking needs, eco habitat

² Hand craft, industry, solar, wind, micro hydro plants.

³ Functioning of Electronic equipment

⁴ Preventing eye, respiratory diseases, hygiene, sanitation, clean water, vaccine, waste for energy, bio energy

⁵ Opportunity of students to learn their lessons at home, education, training on renewable energy

⁶ Transformation, conservation of agro foods, dryer, pumping etc

⁷ Road electrification, bio fuels, etc
