Context and Scope of Work

ARE and ERC take the lead in addressing Lesotho's energy challenges by organising the Lesotho Renewable Energy Days. Scheduled tentatively for 13-14 November 2024, this event aims to showcase the potential of renewable energy, particularly decentralised renewable energy (DRE), in overcoming obstacles to universal electricity access in Lesotho. The event is supported by GET.invest Lesotho, and the EU Delegation to Lesotho.

The Forum seeks to leverage Lesotho's abundant renewable energy resources to address its low electrification rate and reliance on imported energy. By bringing together industry stakeholders, government representatives, and international investors, the event aims to facilitate discussions on legislative measures, financing opportunities, and business models to propel Lesotho's renewable energy market forward.

The term of the Ordering Agreement shall be from Award Date to the Delivery date of the Offer or unless extended by mutual agreement of the parties. The Buyer intends to award to a single “approved” vendor based on conformance to the listed specifications, the ability to service this contract, and selling price. We reserve the right to award to more than one vendor. If an Ordering Agreement is established as a result of this ToR, vendor understands that quantities indicated in the specifications (Attachment A) are an estimate only and ARE does not guarantee the purchase quantity of any item listed.

Any offer, modification, revision, or withdrawal of an offer received at the ARE office designated in the ToR after the exact time specified for receipt of offers is “late” and may not be considered at the discretion of the ARE Staff.
5. **Evaluation & Award Process:** ARE will award an agreement contract resulting from this solicitation to the responsible Vendor whose offer conforms to the ToR will be most advantageous to ARE, price and other factors considered. The award will be made to the Vendor representing the best value to the project and to ARE. For the purpose of this ToR, price, delivery, technical and past performance are of equal importance for the purposes of evaluating and selecting the “best value” awardee.

ARE intends to evaluate offers and award an Agreement without discussions with Vendors. Therefore, the Vendor's initial offer should contain the Vendor's best terms from a price and technical standpoint. However, ARE reserves the right to conduct discussions if later determined by ARE to be necessary.

The evaluation factors will be comprised of the following criteria:
